Introduction

This Report has been prepared in compliance with the regulatory provisions in force and in line with the recommendations expressed by the Corporate Governance Code for listed companies which the Company complies with, summarises the principles and guidelines on the basis of which Leonardo SpA decides and monitors pay policy and its implementation, with particular reference to the members of the Governing Bodies and Executives with Strategic Responsibilities. The document is divided into two Sections:

- The initial Section of the document illustrates the remuneration policy adopted for the 2019 financial year, setting out the criteria and guidelines that the Company has adopted in relation to the remuneration of its Governing Bodies’ members and other Executives with Strategic Responsibilities. Said Section is subject to the non-binding resolution of the Shareholders’ Meeting, pursuant to Article 123-ter, paragraph 6, of the TUF.

- The second Section analyses and details the fees actually paid to, or in any case assigned to Directors and Statutory Auditors, as well as to other Executives with Strategic Responsibilities, during the course of 2018.

The remuneration policy set out in this Report has been adopted by the Company, as provided for by Consob Regulation no. 17221/2010 with regard to related-party transactions, also in accordance with and for the purposes of Article 11.2(b) of the Procedure for Related Parties Transactions approved by the Board of Directors on 26 November 2010 and finally updated in February.

On 28 March 2019, at the proposal of the Remuneration Committee, the Board of Directors of Leonardo SpA approved Section I of this Remuneration Report 2019, which is submitted to the consultative vote of the Shareholders’ Meeting called to approve the Financial Statements at 31 December 2018. Section II is also to be brought before the Shareholders’ Meeting merely for information, which, as has already been said, provides detailed information regarding fees in 2018.

This document is available at the Company’s registered office and on its website (www.leonardocompany.com), in the specific “Shareholders’ Meeting 2019” section, as well as on the website of the authorised storage device (www.emarketstorage.com). The Executive Summary is available in the section “Corporate Governance – Remuneration Summary”.

- to determine, on the proposal of the Remuneration Committee, the remuneration of those Directors with delegated powers and of any other Director vested with specific functions following the opinion of the Board of Statutory Auditors;
- to define the Company’s policy in relation to the remuneration of Directors and other Executives with Strategic Responsibilities, in compliance with the legal provisions in force and with the Corporate Governance Code for Listed Companies;
- to approve this Remuneration Report and submit it to the Shareholders’ Meeting pursuant to, and within the limits set out in, Article 123-ter, paragraph 6, of the TUF;
to approve, upon proposal from the Remuneration Committee, potential remuneration plans based on the allotment of shares or other financial instruments, and submit said plans to the Shareholders’ Meeting for its approval;

- to implement the aforesaid remuneration plans based on shares or other financial instruments, with the support of the Remuneration Committee, as approved by the Shareholders’ Meeting.

No Director attends Board of Directors’ meetings at which motions regarding their own remuneration are approved.

Furthermore, there has been a Remuneration Committee in the Board of Directors for a long time, the composition and functions of which are detailed below.

**C) Remuneration Committee**

* Independent Directors also in accordance with the Corporate Governance Code

The Committee meets periodically to carry out its functions and duties, and its meetings are considered valid if at least a majority of its members attend. The Chairman of the Committee calls and chairs meetings. The Committee is provided with the resources required to carry out its research and investigations. The Committee obtains access to information and to Company structures as necessary for it to perform its tasks, and, through Company channels that make use thereof, consults external advisors in order to ensure independence of judgment. The Committee’s meetings are attended by the Head of the Company’s Chief People, Organization and Transformation Officer Organisational Unit and may be attended, on the invitation of the Committee through the Chairman and in relation to the issues being discussed, by other persons, including non-executive members of the Board of Directors and any employee working for the Company or Group Companies, as well as the Chairman of the Board of Statutory Auditors or any other Statutory Auditor appointed by the latter. No Director participates in the Committee’s meetings in which proposals are put forward to the Board in relation to his/her own remuneration.
The Remuneration Committee is responsible for taking action:

- to submit proposals to the Board of Directors concerning the definition of the Company’s remuneration policy of Directors and Executives with Strategic Responsibilities, in compliance with the legal provisions in force and with the Corporate Governance Code for Listed Companies;

- to put forward proposals to the Board of Directors for related resolutions in implementation of the remuneration policy established by the same, with reference to:
  - the remuneration and regulatory treatment of Directors with delegated powers and of all Directors vested with specific functions (following the opinion of the Board of Statutory Auditors, when required by Article 2389 of the Italian Civil Code);
  - the performance targets related to the variable element of the remuneration of Directors with delegated powers and of any other Director vested with specific functions, monitoring the implementation of the decisions adopted and verifying, in particular, their actual achievement;

- to support the Company in defining the best policies for the management of the Group executives as well as the development plans and systems for the Group’s key managers;

- to propose compensation plans based on the allotment of shares or of options for the purchase of the Company’s shares in favour of Directors and Executives of the Company and of the Group companies, to be submitted to the Board for its approval and then to the Shareholders’ Meeting for its approval pursuant to the legal provisions, while also defining the implementing provisions;

- to periodically evaluate the adequacy, overall consistency and actual implementation of the policy for the remuneration of Directors and Executives with Strategic Responsibilities;

The Committee’s Meetings are duly recorded in minutes, which are reported on by the Committee’ Chairman at the first meeting of the Board of Directors. Furthermore, the Committee provides the Board with a report on the most important issues.

The Committee’s operations are governed by special Rules of Procedures, which acknowledge the principles and implementation criteria recommended by the Corporate Governance Code.

Since it was formed, the Remuneration Committee has played a role of supporting the top management with one of the most important issues related to the strategic management of the Group’s human resources and of its pay and retention policies.

In acting in this role the Committee has worked out incentive schemes which assist in achieving the Group’s results and the objectives of enhancing the value of its stock and of the Group itself.

With specific reference to the remuneration policy outlined in this Report, the Remuneration Committee has defined the principles and practical methodology of application of the policy and has submitted them to the Board of Directors, which, having examined the policy, then approves it and submits it to the Shareholders’ Meeting for a non-binding resolution, pursuant to Article 123-ter, paragraph 6, of the TUF.
The policy proposed by the Remuneration Committee was approved by the Board of Directors at its meeting held on 28 March 2019.

Activities carried out during 2018

D) Board of Statutory Auditors

On remuneration matters, the Board of Statutory Auditors, which regularly participates in the Remuneration Committee’s meetings through the Chairman or a regular Auditor specified by the same, expresses the opinions required by the regulations in force, with particular reference to the remuneration of those Directors vested with specific functions pursuant to Article 2389 of the Italian Civil Code, and it also verifies that said remuneration is in line with the general policy adopted by the Company.

E) Independent Experts

In the course of 2018 the Chief People, Organization and Transformation Officer Organisational Unit made use, as external independent experts, of EY for activities concerning remuneration.

F) Other Persons

The Human Resources Function, as a part of the Chief People, Organization and Transformation Officer Organisational Unit, lays down the guidelines, supported by all the technical details necessary for preparing
the Remuneration Policy. This Function also acts as a specialist in-house body assisting the Remuneration Committee, for which it prepares the material that the Committee needs in order to carry out its work.

The Administration, Finance and Control Organisational Unit helps by setting out the operating and financial objectives underlying the short- and long-term plans and verifies that they have been attained.

The Chief Stakeholder Officer Organisational Unit assists in determining the panel for TSR as a performance objective in the long-term incentive system and helps in the consideration of all ESG (Environmental, Social and Governance) issues.

1.2 Procedure for approval of Remuneration Policy 2019

In exercising its powers and in accordance with the Corporate Governance Code, the Remuneration Committee expressed a favourable view of the structure and contents of Leonardo’s remuneration policy for the purposes of the preparation of this Remuneration Report.

The document has been prepared in accordance with best practice, particularly that in FTSE-MIB companies.

The Remuneration policy was submitted by the Committee to the Board of Directors, which approved it on 28 March 2019. The Remuneration Report was also approved on the same date.

The remuneration policies determined in accordance with the guidelines provided by the Board of Directors are applied by the bodies authorised to do so with the support of the corporate functions concerned.

After the Board of Directors has approved the Remuneration Policy, it submits it to the Shareholders’ Meeting for a consultative vote.
2. Aims and instruments of Remuneration Policy

The Remuneration Policy sets out the principles and guidelines to determine the remuneration of the members of the Board of Directors, as well as the specific criteria through which the remuneration of the Group’s management is established, in accordance with the Governance model adopted by the Company and the recommendations laid down in the Corporate Governance Code.

In determining the Policy for the CEO, the principles were taken into account whereby a part of his remuneration is linked to the attainment of specific performance objectives, including non-economic objectives (e.g. Sustainability indicators and qualitative objectives linked to the Industrial Plan). Starting with this year, similar principles underlie the Policy for the other Executives with Strategic Responsibilities.

The policy is designed to attract and motivate human resources who have the professional qualities required to carry out their duties and fulfil their responsibilities in line with the interests of the management and with the priority objective of creating shareholder value in the medium/long-term through:

- an appropriate balance between the variable element of remuneration and the fixed element, as well as, at the same time, setting a balance between short- and long-term incentives, in order to ensure the sustainability of the policy itself in the long term;
an efficient alignment of the remuneration and incentive system with the pursuit of the Company’s long-term interests, by ensuring that the variable element of remuneration is connected to actual results, through the introduction of not only a direct link between performance and remuneration, but also by paying particular attention to the objectivity and measurability of the performance conditions which the remuneration is subject to, and to the indicators used to measure the remuneration, without prejudice to the existence of an upper limit on incentives.

In 2018, Leonardo took an important step forward executing the Industrial Plan. Most notable is a significant increase in New Orders and Revenues, with a Backlog level of over € 36 bn, which will support further growth in the coming years.

Valuable work was also done to (i) strengthen and streamline the sales network and set up a complete Customer Support, Service and Training (CSS&T) business development strategy; (ii) start taking measures to optimise investments in innovative products and technologies; (iii) attain cost efficiency targets, also by taking a new approach involving partnership with the supply chain (e.g. “LEAP2020 Project); (v) make the organisation more efficient, responsive and modern, putting people centre stage and disseminating the culture of continuous improvement of all processes; and (v) strengthen the entire Defence & Security Electronics by creating the new “Electronics” and “Cyber Security” Divisions.

The expected performance in 2019 shows a confirmed growth trend, with a further increase in Revenues and improved profitability combined with a rigorous financial strategy in order to support growth and ensure the balance between investments and cash generation. Leonardo continues to be confident in being able to achieve all Industrial Plan targets: top line growth with strict cost control, driving Group towards double-digit profitability and strong cash generation from 2020.

Leonardo confirms the strategies in the coming years, during which their priorities and lines of action will emerge even more clearly in order further to accelerate the process of sustainable growth that has commenced.

Sustainability, in fact, is the foundation of the long-term strategy and is fully integrated into the Industrial Plan, which includes the strategic sustainability priorities and the lines of action to take. Sustainability commitments and objectives contribute to the Group’s process of sustainable growth and to the achievement of 4 Sustainable Development Goals out of the 17 named by the United Nations. Among the targets that have been achieved, in 2018 Leonardo was admitted to the Dow Jones Sustainability Indices.

The distribution of the dividend was also proposed in 2018 as a fundamental element of the remuneration of the shareholder.
2.1 Reference to market remuneration policies

The remuneration policy considers, in its determination, investigations and analysis of the remuneration systems and best practices both at national and international level, also in relation to aggregate external benchmarks, with reference to a panel of large Italian industrial groups listed on the FTSE MIB 40 Italia index, as well as to international listed companies operating in the Sectors of Defence, Industrial Engineering, Technology Hardware and Equipment.

2.2 Remuneration policy instruments

The remuneration policy of Executive Directors and other Executives with Strategic Responsibilities has been formulated as described below:

A) Fixed Remuneration

The fixed element of remuneration is such that it adequately remunerates the services provided and is proportioned to the assigned duties and responsibilities, in addition to being sufficient to remunerate the services delivered should the variable component not be paid (Article 6.C.1 (c)). For those Directors not entrusted with specific duties, the remuneration consists exclusively of a fixed element, to be determined by the Shareholders’ Meeting, and it is in no way linked to the achievement of performance targets.

B) Variable Remuneration

Variable remuneration is divided into a short-term component (typically annual – the MBO scheme) and a long-term component, reserved exclusively for a key manager population.

- Short-term Variable Component

The aim of the short-term variable component is to encourage the achievement of the annual objectives laid down in the Company’s budget and in line with the Industrial Plan for the relevant year. The MBO Scheme is structured in a manner which creates a transparent link between monetary remuneration and the degree to which the annual objectives have been achieved.

2 The benchmark for the CEO has considered the remuneration paid by the companies comparable to the Leonardo Group, including: Enel, ENI, TIM, Poste Italiane, Prysmian Group, EIFFAGE, Thales and BAE Systems.
In 2019 a sustainability/ESG objective is set for all the beneficiaries of the short-term incentive plan/MBO; up to now it was only set for the CEO.

- **Long-term Variable Component**

  2018 saw the start of the first cycle of the Long-Term Incentive Plan (2018-2020) approved by the Shareholders’ Meeting on 15 May 2018. The Plan involved about 200 managers, with an award of about 1,500,000 shares against a theoretical maximum of 2,000,000 shares.

  2019 will also see the start of the 2019-2021 cycle of the Long-Term Incentive Plan. The Plan is reserved for key managers, to be selected, on a priority basis, according to a criterion that considers the positions of greatest impact on the Company’s business in the medium term, in the executive grade (or equivalent abroad) in the Company, Subsidiaries with their registered offices in Italy or abroad, as well as associates (former employees) in top management and/or other management positions in the Company or Subsidiaries. The Plan will be reserved for a maximum number of 210 managers and provides for the award of about 2,000,000 shares. The Company will also consider the introduction of additional objectives linked to ESG issues.
3. Remuneration Policy 2019

3.1 Remuneration of the members of the Board of Directors and of the Board of Statutory Auditors

This section gives the main features of the remuneration policy for:

- Directors who are not entrusted with specific duties
- Board of Statutory Auditors
- Directors vested with specific duties:
  - Chairman of the Board of Directors
  - Chief Executive Officer

3.1.1 Remuneration of Directors who are not entrusted with specific duties

A) Remuneration set by the Shareholders’ Meeting

The Shareholders’ Meeting held on 16 May 2017 set, for the three-year period from 2017 to 2019, the remuneration of the Directors who are not entrusted with specific duties, in a gross amount of € 80,000 per year.

In line with best practices, the remuneration awarded to those Directors who are not entrusted with specific duties is not linked in any way to the achievement of specific performance targets, and thus consists of a fixed element only, rather than of a variable element as well. To the fixed component of remuneration set by the Shareholders’ Meeting must be added the fees set by the Board of Directors for the participation in Board Committees.

B) Remuneration for participation in Board Committees

The Company’s Board of Directors, by a resolution passed on 16 May 2017, set the following fees for the members of the Committees set up within the Board itself:

- € 2,500 per year before tax for each member and € 7,500 per year before tax for the Chairman of the Committee;
- € 2,000 attendance fee, payable on the occasion of each Committee meeting.
3.1.2 Remuneration for participation in the Board of Statutory Auditors

The fees due to the members of the Board of Statutory Auditors, which remained unchanged with respect to those added to by the Shareholders’ Meeting held on 15 May 2018, amounted to a gross amount of € 80,000 per year for the Chairman and to a gross amount of € 70,000 per year for each of other Regular Auditors.

3.1.3 Remuneration of Directors vested with specific duties

A) Chairman of the Board of Directors

The total remuneration for the 2017 to 2019 term of office of the Chairman of the Board of Directors consists exclusively of the fixed component, composed as follows:

- gross annual fees of € 90,000, pursuant to Article 2389, paragraph 1, approved by the Shareholders’ Meeting on 16 May 2017;

- gross annual fees of € 400,000: at the meeting held on 16 May 2017, the Board of Directors granted Mr De Gennaro, as Chairman, some specific responsibilities whose exercise attracts the special remuneration referred to in Article 2389, paragraph 3, of the Italian Civil Code, in relation to which the Board of Statutory Auditors provided the related opinion. On 8 November 2017 the Remuneration Committee, following a resolution passed by the Board of Directors’ meeting held on 16 May 2017, decided on the Chairman’s remuneration, pursuant to Article 2389, paragraph 3, of the Italian Civil Code for carrying out the specific responsibilities assigned to him by the Board, with effect from 16 May 2017.

No severance payments were determined for the event of early termination of the office or for the event of non-renewal of his mandate.

Furthermore, insurance cover and welfare policies have been provided to the benefit of the Chairman, together with other benefits connected with the performance of duties required of his office and additional powers delegated to him.

B) Chief Executive Officer

B.1 Overall remuneration structure

The Company has entered into a working relationship with the Chief Executive Officer, which will end on the expiry of the term of office of the Board of Directors, expected to be in May 2020. The solution adopted
is certainly more favourable for the Company than a contract for his subordinate employment in an executive position, as the cost of social security contributions is lower.

For the 2017-2019 term of office, the fixed and variable remuneration for the position of Chief Executive Officer is composed of:

- **FIXED REMUNERATION:**
  - annual fees of € 80,000, pursuant to Article 2389, paragraph 1, set by the Shareholders’ Meeting held on 16 May 2017;
  - special remuneration of € 920,000 pursuant to Article 2389, paragraph 3, of the Italian Civil Code, set by the Board of Directors’ meeting held on 16 May 2017, at the proposal of the Remuneration Committee and having heard the opinion of the Board of Statutory Auditors;

- **SHORT-TERM VARIABLE REMUNERATION:** fees of € 660,000 per year as maximum short-term variable incentive;

- **LONG-TERM VARIABLE REMUNERATION:** fees of € 620,000 per year as maximum long-term variable incentive.

**B.2 Pay mix**

The pay-mix was set as follows (the calculation of the percentages does not include the amount set by the Shareholders' Meeting for the position of Director pursuant to Article 2389, paragraph 1, of the Italian Civil Code):

- **FIXED REMUNERATION** = 42% of the overall maximum remuneration attainable;
- **SHORT-TERM VARIABLE REMUNERATION**: 30% of the overall maximum remuneration attainable;
- **LONG-TERM VARIABLE REMUNERATION**: 28% of the overall maximum remuneration attainable.
B.3 Short-term variable remuneration

The short-term variable remuneration (MBO) for the Chief Executive Officer consists of maximum overall gross fees of € 660,000 per year (equal to 71.7% of fixed remuneration) and is subject to the following performance conditions:

- **Thresholds (Gates)**
  
  The Company has confirmed the two thresholds (Gates) for short-term incentive payments linked to the achievement of the following KPIs set by the Board of Directors:
  
  - Group EBITA (85% of budget);
  - Group Free Operating Cash Flow (FOCF) (100% of budget);

  The non-achievement of even only one of the two Gates leads to setting the Group’s economic and financial KPIs to zero and to a consequent reduction of the bonus by 60%.

- **Performance Targets (KPIs)**

In consideration of the maintenance of the Group’s sustainability/ESG targets, competitive costs and margins, as well as the achievement of the levels of Operating Profit and Free Operating Cash Flow, in close connection with the strategic objectives behind the Industrial Plan, the following performance indicators have been included for 2019:

- Group EBITA (30%);
- Group FOCF (30%);
- Industrial Plan Objectives (30%);
- Sustainability/ESG Objective: (10%)

The performance targets relating to the aforesaid indicators will be established by providing for an incentive entry level and a composition of the bonus as reported below:

---

3 Free Operating Cash-Flow (FOCF) is obtained as a sum of the cash flow generated (used) by operating activities (excluding changes relating to the Group Net Debt items), the cash flow generated (used) by core investing activities (property, plant and equipment, intangible assets and equity investments, net of cash flows arising from the purchase or disposal of equity investments that, by their very nature or importance, can be qualified as “strategic investments”) and dividends received.
Group EBITA:
- no payout if the budget target is not achieved
- a payout of 100% if the budget target is achieved

Group FOCF:
- no payout if the budget target is not achieved
- a linear payout from 100% to 120%. If the budget target is over-performed (>100%), no overperformance fees will be payable, but consideration will be paid to using it to offset a possible failure to achieve other objectives.

Industrial Plan Objectives:
"ON/Off" basis:
- Evaluation of the state of progress in the Strategy Plan Master Plan, focusing on the Electronics and Cyber Security Divisions;
- Book to Bill ≥ 1.

Sustainability/ESG objective:
"ON/Off" basis:
- Inclusion of Leonardo in the Dow Jones Sustainability Indices.

The short-term variable remuneration (MBO) payable to the Chief Executive Officer does not provide for the payment of overperformance fees.

B.4 Long-term variable remuneration

The part of long-term variable remuneration, up to an annual overall maximum gross amount of € 620,000 (equal to 67.4% of fixed remuneration), comes from the participation of the Chief Executive Officer in the Company’s long-term share incentive plan, reserved for the Group’s management.

Incentives payable are fully expressed in ordinary Leonardo shares.

In the light of the system’s rolling mechanism, and in consideration of the amount of annual remuneration paid in relation to the long-term variable portion envisaged in the employment contract of the Chief Executive Officer, the sum allocated for the 2019-2021 cycle is set at a maximum amount of € 293,000.

Therefore, as at the date of allocation of the plan, the maximum number of shares attributable to the Chief

25
Executive Officer had been set at no. 33.524, obtained by dividing the maximum amount set by the unitary price of € 8,744 used for the determination of the incentive when implementing the plan.

Based on the allocations envisaged for the overall long-term variable remuneration payable to the Chief Executive Officer, this amount and the amounts of future allocations have been calculated by making reference to the natural expiry of the term of office, which is conventionally set at 31 May 2020 for these purposes.

**B.4.1 Performance conditions and incentive curve**

The payment of the incentive is conditional on the achievement of targets relating to a three-year period and linked to the following performance indicators:

- **Relative TSR:** Leonardo’s performance will be measured in relation to a “peer group” selected on the basis of comparability analyses of the stock, including companies in the Aerospace and Defence sector at global level and industrial companies in the FTSE MIB index. The panel consists of companies in the relevant sector in Europe and North America for two thirds and of Italian listed companies for one third:

---

4 Average price of ordinary Leonardo shares in the period from 1 January 2019 to 29 March 2019 in the application of the resolution passed by the Board of Directors on 27 March 2018 that determined to take as reference price for the shares subject to the Long-term Incentive Plan, the average of the Leonardo Share in the first quarter of the year in which the prize is awarded.
The portion of bonus earned in relation to the relative TSR performance is determined on the basis of Leonardo’s positioning with respect to the “peer group”, as illustrated below:

A position under the median, therefore, means the payment of a 0% bonus.

- The **Net Debt** will be measured on the final value at the end of the vesting period and for which the following performance conditions have been set out:
  - 100% of budget = 100% of bonus;
  - 5% delta of budget = 50% of bonus;
  - for values of below the 5% delta of budget = 0% of bonus.

Intermediate results give bonuses calculated proportionately through a linear incentive curve.
- The **Return on Sales** will be measured on the average of the final values of each financial year during the vesting period. The bonus for the Return on Sales (25%) is paid on an “ON/OFF” basis. Therefore 100% of bonus will only be paid if the objective is actually achieved (ON).

**B.4.2 Vesting period and lock-up**

Once the three-year vesting period is elapsed, the plan provides for a one-year lock-up period for the Chief Executive Officer. 50% of the shares will not be transferable during this period.

![Vesting Period](image)

**B.5 Pay in the event of termination of office or of employment**

In accordance with the recommendations in the Corporate Governance Code, the severance pay is not higher than two years’ fixed remuneration. As regards Mr Profumo, he will be paid an amount as an indemnity and compensation payment, equal to such total remuneration (fixed and variable elements) as would be paid until the natural expiry of the term of office (12 months in May 2019, which will progressively decrease according to a sliding scale system until it reaches zero on the natural expiry date of the term).

No indemnities will be payable if the appointment is not renewed.

**B.6 Other benefits**

The Chief Executive Officer will also receive benefits (including Fasi, Assidal funds, etc.), as well as the mandatory forms of insurance cover - in compliance with the provisions of law, non-cash benefits envisaged for top management positions in line with the Company’s practices (company car and accommodation for guests’ use).
3.2 Remuneration of Executives with Strategic Responsibilities and other Managerial Resources

3.2.1 Executives with Strategic Responsibilities

Pursuant to the “Procedure for Related Parties Transactions”, which was approved by the Board of Directors on 26 November 2010 and finally updated in February 2019, the concept of “Executive with Strategic Responsibilities” of Leonardo includes the members of the Board of Directors, the Regular Statutory Auditors and any persons who hold the position of General Manager of the Company, the Officer in charge of the Company’s financial reporting, pursuant to Article 154-bis of the Consolidated Law on Financial Intermediation, as well as (from 1 January 2016) the Division Managing Directors, and, from 2019, the Heads of Business Units.

In relation to the ESR category, the remuneration policy is described below only as regards the Division Managing Directors, the Heads of Business Areas and the CFO.

3.2.2 Overall remuneration structure

The fixed remuneration of Executives with Strategic Responsibilities and other managerial resources is proportionate to the role and responsibilities assigned to them, also considering the market positioning with respect to comparable Italian and international companies, as well as in relation to individual benchmarks for positions with similar levels of responsibility and managerial complexity.

3.2.3 Pay-mix

The pay-mix of fixed and variable remuneration components is consistent with the position assigned to the person concerned: the weight of the variable component increases for positions that have greater impact on the Company’s results directly.

The current average pay-mix is determined as follows:

![Pay-mix Chart]

- **ESR and other Top Managers**: Fixed Remuneration 35%, Short-term variable Remuneration 23%, Long-term variable Remuneration 42%
- **Key Managers**: Fixed Remuneration 54%, Short-term variable Remuneration 23%, Long-term variable Remuneration 23%
- **Other Managers**: Fixed Remuneration 78%, Short-term variable Remuneration 22%
3.2.4 Short-term variable remuneration

Executives with Strategic Responsibilities and other executives participate in the short-term variable Remuneration Plan (MBO).

As further recommended by the Corporate Governance Committee of Borsa Italiana S.p.A., a maximum incentive cap is applied to all participants in the MBO system in an amount varying from about 20% to about 80% of fixed remuneration, according to the person’s responsibility in the organisation.

As envisaged for the Chief Executive Officer, the Company has confirmed the two incentive thresholds linked to the achievement of the following KPI objectives set out by the Board of Directors:

- **Thresholds (Gate)**
  - Group EBITA (85% of budget);
  - Group Free Operating Cash Flow (FOCF) (100% of budget);

The non-achievement of even only one of the two gates leads to setting the Group’s economic and financial KPIs to zero and a consequent reduction in the bonus in a range of between 40% and 50%.

- **Performance Targets (KPIs)**

The performance targets to which the short-term incentive is linked are modulated depending on the beneficiaries’ role and organisational responsibility. The assigned targets are selected from the following:

- Group and Division EBITA
- Group and Division FOCF
- Revenue Growth Objectives
- Specific Function Objectives
- Specific Sustainability/ESG Objectives
- Objectives linked to the Industrial Plan

The performance targets relating to the aforesaid indicators will be established by providing for an incentive entry level and a composition of the bonus as follows:
3.2.5 Long-term variable remuneration

Executives with Strategic Responsibilities participate in the long-term incentive plan, which is reserved for key managers, to be selected, on a priority basis, according to a criterion that considers the positions of greatest impact on the Group’s business in the long term.

The Plan provides for the assignment of incentives structured into a component that is fully expressed in ordinary Leonardo shares for the Company’s Top Management, Executives with Strategic Responsibilities and other Top Executives; as regards the other beneficiaries of the Plan, the Company has set the bonus based on a different proportion between cash and shares depending on the different levels of responsibility,
the contribution to the Company’s results of operations and the position held in the relevant business organisation.

The allocation for the second cycle for the three-year period 2019 – 2021 is set at 140% of the gross annual remuneration, expressed in a number of shares calculated using as reference the price of € 8.74\(^5\) used for the conversion of incentives.

The shares supporting the Long-Term Incentive Plan are already held in the stock portfolio. The shares held in the portfolio were 3,305,203 at 29 March 2019.

The methods and mechanisms of operation of the Plan are the same as those described previously for the Chief Executive Officer (on page 25 and following pages). Furthermore, for more details, reference should be made to the Disclosure Document relating to the plan that has been filed with the registered office located in Rome, at Piazza Monte Grappa no. 4, on the Company’s website (www.leonardocompany.com - “Shareholders’ Meeting 2019” section), with the market management company Borsa Italiana S.p.A., as well as on the website of the authorised storage device (www.emarketstorage.com).

### 3.2.6 Pay in the event of termination of office or employment

As regards termination indemnities, the Company has been adopting for some time a policy for which, as a rule, it does not sign agreements covering, ex ante, the financial aspects of early termination of the employment relationship with Executives with Strategic Responsibilities, except for the termination benefits set in the National Collective Bargaining Agreement, in addition to benefits (if any) defined on an individual basis.

Nevertheless for some top management staff members, in light of their specific professional skills and the retention purposes in relation to their roles, the Company may establish special clauses that govern ex ante the effects of the early termination of employment, in line with the long-term strategies, values and interests established by the Board of Directors.

\(^5\) Average price of ordinary Leonardo shares in the period from 1 January 2019 to 29 March 2019 in the application of the resolution passed by the Board of Directors on 27 March 2018 that determined to take as reference price for the shares subject to the Long-term Incentive Plan, the average of the Leonardo Share in the first quarter of the year in which the prize is awarded.
3.2.7 Other benefits

For Executives with Strategic Responsibilities obligatory social security and insurance covers are provided for - in compliance with applicable provisions of law -, as well as non-cash benefits envisaged for top management positions in line with the Company’s practices (among which may be provided accommodation for guests’ use, company car, etc.).

In line with the provisions applicable to all Executives of Leonardo, Executives with Strategic Responsibilities are eligible to participate in the supplementary pension benefits with Previdai (the national pension fund for managers of industrial companies), as well as supplementary health insurance benefits in addition to or in place of the benefits under the supplementary healthcare fund for managers of industrial companies FASI and ASSIDAI.

3.3 Other forms of discretionary, occasional and non-recurring remuneration

It is the Company’s policy not to pay discretionary bonuses to Directors, who receive incentive payments through the instruments described above.

3.4 Claw-back

As recommended in the Corporate Governance Code and in accordance with the specific guidelines recently issued by the Corporate Governance Committee of Borsa Italiana S.p.A., for all variable incentive schemes – in both short and long term -, a claw-back clause has been put in place whereby the Board of Directors is entitled, through the competent corporate functions, to request the beneficiaries to return the bonuses they have received (in the form of cash or the value of the shares allocated to them) if the Board finds that the degree to which their performance objectives have been achieved has been determined on the basis of clearly erroneous or falsified calculations. This clause applies if the difference between the data utilised and the data rectified has led to a Bonus in cash and/or in Shares being granted in excess of the amount to which the beneficiaries are actually entitled to and places an obligation on the beneficiaries to return the bonuses that have been unduly paid.

3.5 Non-competition agreements

Furthermore, with regard to Executive Directors and other Executives with Strategic Responsibilities and in case of individuals with particularly significant professional skills (such that termination of their employment
could represent a risk for the Company), the Company may define, on a case-by-case basis, non-competition agreements, providing for the payment of a compensation commensurate with the duration and scope of the obligations arising from the agreement itself.

3.6 Remuneration of the Head of the Group Internal Audit Organisational Unit

In accordance with the Corporate Governance Code, the Board of Directors took steps – at the proposal of the Chief Executive Officer, in his capacity as the Director responsible for the Internal Control and Risk Management System and subject to the approval of the Control and Risks Committee and of the Board of Statutory Auditors – to set the remuneration payable to the Head of the Group Internal Audit Organisational Unit. The variable incentive structure has been proposed in accordance with the Company’s policy, while ensuring the resources allocated for the performance of related duties. The short-term variable component of remuneration (MBO) is conditional on the achievement of targets that are exclusively linked to the effectiveness and efficiency of the Group Internal Audit organisational unit. As regards the long-term variable component, instead of participating in incentive plans established for the Company’s management and in accordance with the Corporate Governance Code’s provisions governing the matter, in order to ensure the sustainability of results over time, the Board of Directors, as already announced in the Remuneration Report 2017, page 25, has approved a cash amount, for the three-year periods following the 2015-2017 plan previously assigned, and has set appropriate targets for each position held at the proposal of the Chief People, Organization and Transformation Officer function.

Section II
Implementation of remuneration policies and fees relating to the 2018 financial year
Part One
1. Implementation of 2018 remuneration policies

Also having regard to the periodic assessment of the implementation of the remuneration policy as required by the Corporate Governance Code, the Remuneration Committee considered that the remuneration paid in 2018 was consistent with the policy adopted, and that the principles and practical application were consistent with the market benchmarks in terms of positioning and pay mix.

With reference to the 2018 financial year, the following elements constituted the remuneration paid to the members of the Governing and Supervisory Bodies and to the Executives with Strategic Responsibilities.

2. Fixed Remuneration

(Table 1)

The members of the Board of Directors and the members of the Board of Statutory Auditors received the fixed remuneration determined by the Shareholders’ Meeting. The Directors vested with specific functions also received the fixed element of their remuneration, as determined by the Company’s Remuneration Committee (Table 1, "Fixed Remuneration" column).

Directors who are members of a Committee received the fixed remuneration determined by the Company’s Board of Directors, together with the sums paid as attendance fees, on the occasion of each Committee meeting (Table 1, "Remuneration for participation in Committees" column).

The Chief Executive Officer and Executives with Strategic Responsibilities received the fixed element of their salary as set forth in their respective employment contracts taking into account the effective permanence in the position (Table 1, "Fixed Remuneration" column), including any compensation due under the National Collective Bargaining Agreement (public holidays, travel allowances etc.).

3. Non-equity variable remuneration (bonuses and other incentives)

(Table 1 and Table 3B)

Payments reported in Table 3B relate to the short-term incentive plan – MBO Scheme - described in the Remuneration Report of the previous financial year.
A) Chief Executive Officer

The short-term variable remuneration for Mr Profumo for the 2018 financial year has been set at an overall maximum gross amount of € 660,000 per year.

The targets are objectively measurable and closely related to the targets set in the Company budget-plan and are subject to the achievement of one threshold established consistently with the Group’s key objectives.

This threshold consists of the following KPIs set by the Board of Directors:

<table>
<thead>
<tr>
<th>Threshold</th>
<th>Degree of Achievement</th>

</thead>
<tbody>
<tr>
<td>Group EBITA - 85% of budget</td>

The objectives linked to the thresholds were achieved as it can be inferred from the 2018 Consolidated Financial Statements, which were approved by the Board of Directors’ meeting held on 13 March 2019; consequently, the payment of short-term variable remuneration for the 2018 financial year was approved.

Below are the performance indicators set for short-term incentives for the Chief Executive Officer for the 2018 financial year, and the related degree of achievement:

* The value used for EBITA has been adjusted downward compared to the value published in the financial statements since it takes account of the material exchange differences arising from the translation of financial statements in foreign currency with respect to the assumptions adopted in the Budget
** Up to the overall maximum amount set in the Resolutions
Even if the Group FOCF performance objective reaches an over-performance value, the maximum amount the CEO may be paid cannot exceed the maximum set in his Resolutions, referred to above.

For the functioning mechanisms of the MBO Scheme, reference should be made to the Remuneration Report 2018, Section I, page 20.

8.1 Final calculation for the 2015-2017 cycle

In the 2018 financial year the CEO and the Executives with Strategic Responsibilities were entitled to receive the number of shares to be awarded for the 2015-2017 cycle under the Long-Term Incentive Plan at a percentage of 50% of the maximum set out.

The performance indicators on which the long-term incentive was conditional and the related degree of achievement are set out below:

In the 2018 financial year the final calculation was made for the 2015-2017 Co-Investment Plan in relation to whether the performance condition was fulfilled under the Plan (for the mechanisms of the Plans, see the Remuneration Report 2015, pages 20 and 21).

Table 3A reports the final number of shares actually awarded under the plan and their related fair value.

8.2 Allocation of the 2018-2020 cycle

During 2018 it was provided that the Chief Executive Officer and the Executives with Strategic Responsibilities will participate in the Long-Term Incentive Plan for the 2018-2020 cycle.

Table 3A reports the maximum attributable number of shares and related fair value.

Specifically:

- for Mr Profumo: for the first cycle of the Long-Term Plan for the three-year period 2018-2020 the incentive allocated was set at a maximum amount of € 500,000; therefore, the maximum number of shares attributable was set at 51,653, obtained by dividing the maximum incentive by the price of € 9.68 This price was taken as a reference for the determination of the incentive in the implementation phase of the plan, at the proposal of the Remuneration Committee and subject to the approval by the Board of Directors, relates to the average price of Leonardo during the first quarter of the financial year shares in which the bonus is paid (for the 2018-2020 cycle it was therefore the first quarter of 2018);

- for Executives with Strategic Responsibilities: the incentive allocated for the first plan cycle for the three-year period 2018–2020 was set at a maximum amount of € 3,361,709. Therefore, as at the date of allocation of the plan, the maximum number of shares allocated was set as 347,284, obtained according to the same calculation method as described above. The above figures refer to all the persons who carried out the function of Executives with Strategic Responsibilities during 2018. They are pro rata according to the time in the function for those who only served for a fraction of the year.

The final calculation of the number of shares actually earned for the 2018-2020 cycle will be made at the end of the performance period in 2021, and 50% of the allocated shares, once elapsed the three-year vesting period, will be subject to a further one-year lock-up period during which they will not be transferable.

The fair value reported in Table 3A, corresponding to the maximum amount of the incentive that can be allocated upon full achievement of all performance targets, has been calculated on the basis of the following parameters:

- the book value referring to the TSR (adjusted fair value € 3.51);
- the book value referring to the Group Debt and ROS (€ 10.25);
- the maximum number of shares that can be allocated within the Plan;
- the vesting period effectively elapsed in 2018 (5/36 months, i.e. from 1 August 2018 to 31 December 2018).

***

Table 3A also reports the values relating to the second cycle 2016-2018 and to the third cycle 2017-2019 of the Long-Term Incentive Plans based on financial instruments, considering the vesting period effectively elapsed in 2018.

For the mechanisms of the Plans, see the Remuneration Report 2017, Section I, page 14 and following pages.
Part Two

The current ‘Procedure for Related Parties Transactions’ also includes the Company’s Division Managing Directors under the definition of Executives with Strategic Responsibilities, with effect from 1 January 2016, as well as the Heads of the Business Units from 2019. The reported number of shares also includes those persons who held, during the financial year, even for a fraction of the period, the position of Executive with Strategic Responsibilities.

At the proposal of the Remuneration Committee and having heard the Board of Statutory Auditors, the Board of Directors has decided Mr Profumo’s participation in existing Plans, as regards the long-term variable component, with the allocation of shares calculated on a pro-rata temporis basis and taking account of his appointment on 16/09/2017 and the natural expiry of the term of office expected in May 2020.

(1) The table reports the final number of shares calculated (equal to 50% of shares allocated) in relation to the 2015-2017 LTI during the 2018 financial year.

(2) The fair value relating to the 2015-2017 LTI Plan corresponds to the incentive calculated on the final number of gross shares allocated, taking account of his appointment on 16/05/2017 and the natural expiry of the term of office expected in May 2020.

(3) The table reports the number of shares, calculated on a pro-rata temporis basis, attributable to the Chief Executive Officer under the 2016-2018 LTI plan upon full achievement of all performance targets, the final calculation will be made in 2019 at the end of the performance period. 50% of shares allocated to the Chief Executive Officer will be subject to a 1-year lock-up period during which they may not be transferred.

(4) The fair value relating to the 2016-2018 LTI Plan, corresponding to the incentive calculated on a pro-rata temporis basis in relation to the maximum amount attributable in the event that all performance conditions are satisfied in full, has been calculated on the basis of the following parameters: the relevant book value for TSR (adjusted fair value € 3.88), the relevant book value for the Group Debt and ROS (€ 9.38), the number of shares that can be allocated, the vesting period effectively elapsed in 2018 (12/36 months, i.e. 1.1.2018 - 31.12.2018).

(5) The fair value relating to the 2016-2018 LTI Plan, corresponding to the incentive calculated on a pro-rata temporis basis in relation to the maximum amount attributable in the event that all performance conditions are satisfied in full, has been calculated on the basis of the following parameters: the relevant book value for TSR (adjusted fair value € 6.55), the relevant book value for the Group Debt and ROS (€ 14.76), the number of shares that can be allocated, the vesting period effectively elapsed in 2018 (12/36 months, i.e. 1.1.2018 - 31.12.2018).

(6) The table reports the number of shares, calculated on a pro-rata temporis basis, attributable to the Chief Executive Officer under the 2018-2020 LTI plan upon full achievement of all performance targets. (7) The fair value relating to the 2018-2020 LTI Plan, corresponding to the incentive calculated in relation to the maximum amount attributable in the event that all performance conditions are satisfied in full, has been calculated on the basis of the following parameters: the relevant book value for TSR (adjusted fair value € 5.35), the relevant book value for the Group Debt and ROS (€ 10.25), the number of shares that can be allocated, the vesting period effectively elapsed in 2018 (12/36 months, i.e. 1.08.2018 - 31.12.2018).

(8) The fair value relating to the 2016-2018 Co-Investment Plan, corresponding to the incentive calculated in relation to the 2015-2017 LTI plan during the 2018 financial year.

(9) The fair value relating to the 2015-2017 Co-Investment Plan, corresponding to the incentive calculated in relation to the maximum number of bonus shares effectively calculated, has been calculated on the basis of the following parameters: the relevant book value for TSR (adjusted fair value € 10.9), the relevant book value for the Group Debt and ROS (€ 13.12).
